-----  
What is Canberra environment centre?

Canberra Environment Centre is a not-for-profit, non-government, environmental education centre empowering people to create a more sustainable future for the Canberra community, by supporting lifelong behavioural change. We are proudly supported by the ACT Government's Environment, Planning and Sustainable Directorate - Environment.

What makes the University of Canberra a sustainable University?

The University of Canberra's commitment to sustainability is grounded in a desire to serve the changing needs and challenges of our regional and globally-connected communities - students, staff, Indigenous peoples and other stakeholders - and a deep connection to our place in the Canberra region, on Ngunnawal country.

Is Canberra destroying the environment?

"Previous State of the Environment Reports have shown that Canberra's footprint is expanding, contributing to environmental destruction on the outer edge of our city. "Fast forward to 2024 and Canberra's city boundaries continue to expand in the north and west with several developments in the Molonglo Valley, Gungahlin and West Belconnen.

When is the Canberra environment centre closed?

The CEC is closed from 19/12/2025-19/01/2026 inclusive! Canberra Environment Centre is a not-for-profit, non-government, environmental education centre empowering people to create a more sustainable future for the Canberra community, by supporting lifelong behavioural change.
