AZE's weatherproof Outdoor Enclosures provide durable, corrosion-resistant protection for energy, telecom, and industrial applications. Customizable, NEMA-rated, and built for harsh environments.

Empower your off-grid projects and grid-support applications with a reliable outdoor battery storage cabinet from TOPBAND. Engineered for harsh climates and demanding workloads, our outdoor ...

Engineered with reinforced steel enclosure and IP55/IP65 protection class for dust, water, and corrosion resistance in severe climates. Combines high-voltage lithium battery packs, BMS, fire protection, ...

They can be widely used in farms, animal husbandry, hotels, schools, warehouses, communities and solar parks. The system is fully productized, integrating LFP ESS batteries, PCS, EMS, FSS, TCS, ...

Available in both 100kWh and 215kWh capacities, this modular system integrates power modules, batteries, cooling, fire protection, and environment monitoring in a compact outdoor cabinet.

The system has an IP55 rating and C4 anti-corrosion level, making it suitable for outdoor use. Its plug-and-play design, along with modular and parallel connections, allows for easy expansion and ...

With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, they are ideal for telecom base stations, remote power supply, and containerized microgrids. Our outdoor cabinets are ...

SWA ENERGY outdoor cabinets are engineered for harsh environments and long-term outdoor operation. With IP54/IP55 protection, anti-corrosion design, and intelligent temperature control, ...

Constructed from galvanized or stainless steel and rated up to IP65, it ensures complete resistance to dust, rain, and corrosion while maintaining optimal operating conditions for all internal components.
