Does Scatec have a solar project in Egypt?

In a separate announcement, Norway's Scatec said it had signed a 25-year PPA with Egyptian Electricity Transmission Co. (EETC) for a 1 GW solar and 100 MW/200 MWh battery storage hybrid project in Egypt. "This will be the first hybrid solar and battery project in Egypt," said Scatec CEO Terje Pilskog.

Which solar projects are being built in Egypt?

The first project involves a 1 GW solar plant with a 600 MWh BESS in the Benban area. The second project is a 300 MWh BESS at the site of Amea Power's 500 MW Abydos solar array, which is currently under construction. Both projects are in Egypt's Aswan governorate.

What is the obelisk solar and battery storage project?

The project is set to unfold in two phases, with the first phase targeting completion by mid-2026. The Obelisk solar and battery storage project will be developed in two distinct phases. The initial phase encompasses the installation of a 561 MW solar plant alongside a BESS capable of storing 100 MW/200 MWh of electricity.

What is Scatec - Egypt's first hybrid solar & battery project?

This project marks a significant milestone as it represents the country's first hybrid solar and battery initiative. With an investment of approximately USD 590 million, Scatec aims to boost Egypt's renewable energy capacity, contributing to the nation's sustainability goals.

Norwegian renewables company Scatec is developing a series of projects in Egypt under the country's flagship climate action program, including two gigawatt-scale solar-plus-storage sites.

The project will be constructed in two phases. The first phase of 561 MW solar + 100 MW/200 MWh battery storage is targeted to reach commercial operational date (COD) in the first half ...

"We are proud to break ground on Egypt's first hybrid solar and battery project, building on our proven track record with similar developments.

Egypt solar container communication station Flywheel Energy Storage Construction Company

Earlier this year, state-owned utility Egyptian Electricity Holding Co. held an expressions-of-interest tender for the design, construction and operation of a 8.2 MW solar plant and 2 ...

The project, billed as Egypt's first hybrid solar and battery project, will be built in two phases. The first will see 561 MW of solar constructed alongside 100 MW/200 MWh of battery ...

Scatec ASA has commenced construction of its 1.1 GW Obelisk solar and 100 MW/200 MWh battery storage project in Egypt. The energy will be sold under a USD-denominated 25-year ...

Scatec, a Norwegian leader in renewable energy solutions, has officially commenced construction on its ambitious 1.1 GW Obelisk solar project coupled with a 100 MW/200 MWh battery ...

Norway's Scatec has signed a 25-year PPA with Egyptian Electricity Transmission Co. (EETC) for a 1 GW solar and 100 MW/200 MWh battery storage hybrid project in Egypt. "This will be ...

Scatec will provide engineering, procurement, and construction (EPC), asset management (AM), and operations and maintenance (O& M) services for the project. Meanwhile, ...
