What is a portable energy storage power supply?

This product is a portable energy storage power supply with built-in high-efficiency lithium-ion battery, safe lithium battery management system (BMS) and high-efficiency energy conversion circuit. With the features of light weight, small size and high power.

What is the maximum output power for eb70s?

A: For EB70S, the maximum output power is 800W, so please make sure the total power of your devices doesn't exceed 800W, or the inverter will shut down itself. Friendly Note: For some devices with motor / compressor built inside, the instant start-up power may be 2-4 times more than the rated power, which may exceed the upper limit of the EB70S.

What is eb70 power station used for?

?BACKUP POWER FOR BLACKOUT?Massive 716Wh capacity and 800W rated wattage makes EB70 an ideal power station for appliances like mini-fridge, air pump, laptop, and more
