Because the expression "hit the curb" doesn't have a single, fixed meaning in English, and thus choosing which definition the songwriters intended requires some degree of interpretation, ...

Let's look at the two OED definitions of the word "nature". (mass noun) The phenomena of the physical world collectively, including plants, animals, the landscape, and other features and products of the ...

Doesn't "eaten apple" indicate food in the stomach to be digested or already digested? Why did "eaten apple" lead me to this picture? Can "eaten apple" indicate both left food and ...

With transitive provide sth to/for sb, I think answer 2 is closer - to is more about giving or handing off something to someone, while for is more about something being made available to ...

I use extendable in cases where it means the opposite of retractable. In other words, a telescoping wand is extendable, the legs of my camera tripod are extendable. I use extensible when I ...

I'm studying the use of while and when with simple past/past continuous. I've watched some videos about it, but I cannot fully understand when I should use "while" or "when"; and...

I see. So, in the phrase "the example from above" of my question, is the last word of the phrase omitted? Does the "from above" mean "from above something" (like "from above the ...

Consider the following two sentences: "While eating food, I dropped sauce on my pants." & "As eating food, I dropped sauce on my pants." Considering that both "while" ...

Extendable Smart Photovoltaic Energy Storage Outdoor Cabinet for Railway Stations

My take on it (disregarding the actual meaning of the example sentences) is that for a second time just means "again (after one previous occasion)". For the second time implies that the ...

Extendable referring to physical properties (an extendable ladder) and extensible referring to versatility/ability to be added to in future (an extensible system).
