EcoDirect designs and supplies solar + battery projects in Fiji. Our team has the tools and experience to get your next project designed and delivered.

With plans to deploy 50MW of storage by 2027, Fiji's becoming the Switzerland of energy innovation - neutral in the fossil fuel wars, armed with killer battery tech. Upcoming projects include ...

Design, Supply, Installation and Commissioning of 4.5kWp Solar Power System for Rabi Health Centre in Fiji - funded by Government of Fiji through Department of Energy.

With support from KOICA, this project reduces diesel reliance and supports agriculture, tourism, and livelihoods-making Taveuni a national model for resilient island energy systems.

Yasana Energy provides renewable energy and solar power in Fiji and the Pacific Islands. Contact Yasana Renewable Energy today.

Island Solar Fiji is your trusted installer of quality solar systems and battery storage. We work with you to improve your power reliability and save the planet.

This article explores the benefits, challenges, and real-world applications of solar-plus-storage systems in Fiji, backed by industry data and case studies. Discover how innovative technologies are driving ...

In a first of its kind for the region, this 1MWp grid-connected solar farm with a 1.1MWh battery energy storage system helps provide a smooth supply of renewable energy for 18,000 residents of Taveuni, ...

Utilizes surplus solar and hydro energy for battery charging during low consumption periods. Successfully commissioned in March 2024. Supports Fiji's target of achieving 100% renewable ...

Summary: Fiji's transition to photovoltaic (PV) power generation with energy storage is reshaping its energy

Fiji energy storage solar box substation

landscape. This article explores the benefits, challenges, and real-world applications of solar ...
