What are Haichen's core products?

Household energy storage batteries and commercial solar energy storage are our core products. In the past, Haichen has provided energy solutions to 70 countries and regions worldwide, meeting the energy needs of approximately 80000 households.

How many countries does Haichen provide energy solutions to?

In the past, Haichen has provided energy solutions to 70 countries and regions worldwide, meeting the energy needs of approximately 80000 households. Our lithium battery factory has certificates recognized by mainstream countries: CE?UL?UN38.3?Rohs?IEC62619?ISO14001?ISO9001.....

What makes Haichen unique?

In the past few decades, Haichen has continuously innovated and broken through in the field of new energy, bringing excellent product experiences to overseas customers. Haichen has 10 fully automated production lines, focusing on independent research and development and production.

Energy storage systems not only need to be transported around the world, but also need to meet the customized needs of increasingly complex and diverse energy storage scenarios.

In terms of products, there are currently Honeycomb L500 325Ah special battery for power energy storage, Haichen MIC 1130Ah long-term energy storage professional battery, Yijiatong 280Ah, 314Ah

At the event, Haichen Energy Storage launched its three innovative products, the ?Power 6.25MWh 2h/4h time-space customized large-capacity energy storage system, the first sodium ...

Household energy storage batteries and commercial solar energy storage are our core products. In the past, Haichen has provided energy solutions to 70 countries and regions worldwide, meeting the ...

In summary, Haichen Energy Storage offers a comprehensive suite of advanced products ranging from lithium-ion battery systems to monitoring software. These solutions cater to various ...

# Haichen Energy Storage Cabinet Product Introduction

Our battery storage cabinets are constructed with a modular design, providing optimal flexibility for businesses across various sectors. Our power storage cabinets also adhere to safety and ...

Based on the research and judgment of the future trend of energy storage products, Haichen Energy Storage breaks through the inherent product thinking mode and redefines the ...

Solar panels sit idle at night. Wind turbines freeze on calm days. This intermittency problem costs the global economy over \$9 billion annually in wasted renewable energy [1]. Haichen's energy storage ...

CATL energy storage system products include battery cells, modules/boxes and battery cabinets, which can be used in the fields of power generation, transmission and distribution, and ...

The Battery Cabinet is an energy storage battery system that integrates the latest liquid-cooling technology solutions, featuring easy installation and easy deployment, to meet your various ...
