From compact 30 kWh lithium-ion cabinets to large-scale containerized 5 MWh solutions, our systems are designed for performance, flexibility, and seamless integration with solar, grid, or hybrid setups.

From concept and design to fabrication and assembly, Bull Metal Products manufactures custom battery enclosures, lithium battery boxes, and battery cabinets with the highest quality and safety standards.

We will supply the best enclosures for your business, shipping worldwide. Protect your solar batteries with our tested, waterproof enclosures today!

Rely on Wesgar to produce your customized, high-quality L-ion battery enclosures and take care of your unique needs.

We fabricate structural frames and enclosures for lithium-ion, lead-acid, and solid-state battery applications across the energy, transportation, telecom, and industrial sectors.

LiFePO4 100kw 215kwh air-cooled energy storage cabinet offers high-capacity, ...

Call 1-800-474-7294 for a free consultation or to learn more about our lithium battery storage buildings, charging cabinets, and safety products. Let us help you take the next step toward compliance--and ...

Fabricated Metals Engineers are on staff and ready to assist you with your project by providing customized drawings to meet the needs of your specific application. Whether you need louvered ...

We build the batteries powering the global shift toward electrification. Whether you're retrofitting existing equipment or launching something entirely new, we design and make lithium-ion systems that meet ...

Industrial and commercial solar container lithium battery station cabinet customization

LiFePO4 100kw 215kwh air-cooled energy storage cabinet offers high-capacity, safe, and efficient lithium battery storage with advanced thermal management for commercial and industrial applications. All-in ...

The client approached E-abel to design and produce a solar battery storage cabinet that not only protects sensitive electrical equipment but also enhances the overall aesthetics and ease of ...
