Who made Johnson outboard motors?

Johnson Outboards was an American manufacturer of outboard motors founded by the four brothers Louis, Harry, Julius and Clarence Johnson. The original company that made Johnson inboard motors and outboard motors was the Johnson Brothers Motor Company of Terre Haute, Indiana, United States.

Where can I buy Johnson outboard motor parts?

Although aftermarket parts are usually less expensive, some parts may only be available directly from Johnson/BRP. At Marine Wholesale, selecting the perfect Johnson outboard motor part is straightforward. Using your engine's model number is the key to getting it right.

Should I buy OEM Johnson outboard motor parts?

By using OEM Johnson outboard motor parts, you're assured of smoother operation while maintaining the integrity of your engine, which leads to fewer repairs and consistent peak performance over the years. Depending on your budget, it may be more economical to shop for aftermarket parts for your Johnson outboard motor.

How do I choose a Johnson outboard motor part?

At Marine Wholesale, selecting the perfect Johnson outboard motor part is straightforward. Using your engine's model number is the key to getting it right. This unique identifier ensures you get the part that fits your engine's needs and configurations.
