It won the China Energy Project Innovation Award in 2018, set a Guinness World Record with the largest solar panel image in the shape of a horse in 2019, and won the National Quality Engineering Award ...

The solar farm that resembles a galloping horse--Junma Solar Power Station--was completed in 2019, setting a Guinness world record for the largest image made of solar panels.

Junma, completed in 2019, resembles a galloping horse and holds a Guinness World Record for the largest image made from solar panels. The installation generates enough electricity ...

The site's current capacity and future expansion reflect a strategic approach to renewable infrastructure, with facilities like the China Three Gorges plant and Junma Solar Power Station ...

The Junma Solar Power Station, completed in 2019, is arguably the most striking feature of this project. Designed in the shape of a galloping horse, it earned a Guinness World Record for the ...

Among the achievements is the "Junma" solar station, whose panels form a giant horse-shaped pattern. This project was recognized by Guinness World Records in July 2019 as the largest solar panel ...

The solar farm that resembles a galloping horse - Junma Solar Power Station - was completed in 2019 (you can just make it out in the image above, taken in December 2024), setting a ...

The solar farm that resembles a galloping horse-- Junma Solar Power Station --was completed in 2019, setting a Guinness world record for the largest image made of solar panels.

"Junma" power station is one of the leading photovoltaic power generation application base projects in Dalate Banner, with a construction scale of 200MW, a total of 709520 photovoltaic ...

The Junma solar power station -- "Junma" meaning "fine horse" in Chinese -- is part

Junma Graphics Photovoltaic Panel

of an ambitious desert reclamation project known as the "great photovoltaic wall," stretching along the ...
