As Vietnam continues to adopt solar and wind energy solutions, energy storage systems like Li-ion battery cabinets are crucial to store excess energy and manage peak loads.

LIVOLTEK has officially announced the commissioning of its first liquid-cooled Battery Energy Storage System (BESS) project in Vietnam. This landmark installation represents a ...

Discover how Vietnam's strategic push in renewable energy creates new opportunities for portable energy storage solutions - and why global investors should pay attention.

Subsidiary of Japanese conglomerate Marubeni has brought online a megawatt-scale battery storage demonstration project in Vietnam.

Vietnam is accelerating its plan to build one of the largest energy storage battery markets in Southeast Asia. While some progress has been made, the market remains in its infancy, with most ...

In a significant development, Vietnam Electricity (EVN) has secured approval for its first pilot BESS project with a capacity of 50 MW/50MWh.

In our collective effort towards sustainable energy solutions, Weimiao's mobile energy storage cabinet offers an eco-friendly alternative to traditional power sources.

Experts agreed that battery storage would play a transformative role in Viet Nam's energy transition. Bình said the 2026-2030 period would be crucial for deployment, especially now ...

Experts meet in Hanoi as Vietnam steps up plans to build one of Southeast Asia's largest battery storage markets.

Large-scale mobile energy storage battery cabinet in Vietnam

Battery Energy Storage Systems (BESS) offer a transformative opportunity to modernize the energy sector. BESS enhances grid stability and facilitates renewable energy integration, helping ...
