LONGi is delighted to unveil its groundbreaking Hi-MO X6 Bifacial Dual-Glass solar modules during the 19th China (Jinan) International Solar Energy Utilization Conference.

LONGi launched its mono-PERC modules in 2016, featuring integrated PERC technology on monocrystalline silicon and low light degradation, and its cell efficiency has increased from 21% to ...

Longi Solar PV Panel Double Glass Bifacial 540 Wp 545W 550W 555 Watt Photovoltaic Solar Panel Module

Today, LONGi is part of a community of world-leading producers of monocrystalline silicon panels. In 2016, they launched mono-PERC modules with integrated PERC technology on monocrystalline ...

The Longi 620W Bifacial Double Glass Solar Panel is a high-performance photovoltaic module designed for utility-scale, commercial, and industrial solar installations.

With a high module efficiency of up to 22.3% and a low degradation rate, this panel provides reliable energy output year after year. Backed by a 25-year product and 30-year performance warranty, the ...

PERC Panel With Double Glass represents a next-generation photovoltaic solution designed for durability, efficiency, and long-term performance. PERC Panel With Double Glass integrates high ...

We deliver the world's most complete and cost-effective solar PV solutions. Our in-house engineering and product development ensure that every solar PV system manufactured complies with ...

Discover bifacial glass-glass modules from LONGi - for maximum energy yields, extreme resilience and long-lasting performance in demanding PV projects.

Double Glass Durability - increased durability, weather-resistances, UV resistant and withstand high

Longi double glass single crack photovoltaic panel

temperatures and strong wind loads. Longer Life Span - high durability increases overall life span.
