A wind-swept solar panel flew off a Brooklyn carport, striking a woman in the head and leaving her dead, city investigators ruled Monday.

Investigators discovered that a solar panel had blown off a nearby parking lot after nor'easter winds and struck Braun in her head. She was taken to Lutheran Hospital, where she later...

A 76-year-old woman in New York City was killed Sunday by a 7-foot solar panel that came loose because of strong winds as a powerful nor'easter battered the East Coast.

The Brooklyn tragedy underscores this finding with devastating consequences. The panel, measuring 41 inches by 87 inches, was propelled approximately 20 feet by the wind before ...

CONEY ISLAND, Brooklyn (PIX11) -- A 76-year-old Brooklyn woman was killed when she was struck by a solar panel that flew off a steel carport at an outdoor parking lot during the ...

Officials said Lyudmila Braun, 76, was fatally struck in the head by a solar panel that had been detached by strong winds.

A 76-year-old woman died Sunday, Oct. 12, after being struck by a solar panel that blew off a rooftop carport amid nor'easter winds sweeping through New York.

An elderly New Yorker was tragically killed when Monday's nor'easter blew a solar panel from a roof and sent it careening into the streets below.

There has been at least one storm-related death in New York City. A 76-year-old woman was struck and killed by a solar panel in Brooklyn, officials said.

Photovoltaic panels were blown off by the wind and killed people

A solar panel tore loose in the high winds of Sunday's nor'easter, seconds before it struck and killed a 76-year-old woman near the Ocean Parkway subway entrance in Brighton Beach.
