From medical devices and military equipment to emergency lighting systems and many industrial applications, we can design and manufacture the perfect portable power solution for your needs.

Whether you need a standard 18650 configuration or a fully customized lithium-ion solution, our team will create a reliable, high-performance battery pack designed to power your products safely and efficiently.

Our expert engineers and technicians deliver custom, high-performance, reliable, and safe battery solutions tailored to your unique and demanding requirements.

Apex Mobile Power is a custom battery supplier specializing in OEM lithium battery design and manufacturing. Our high-performance lithium-ion battery packs, custom battery chargers, and smart ...

With over 20 years of experience, NPP Power specializes in custom lithium battery pack manufacturing. We provide tailored energy storage solutions that ensure efficiency, safety, and sustainability.

We've built safe, reliable battery packs up to 1500V for demanding industrial and commercial applications for over 30 years. Our team understands the electrical, thermal, and safety ...

On Thomasnet, you'll find 25 suppliers of battery packs in the US. You can filter these companies by location, certifications, and more factors to easily find and connect with the right ...

PHYLION, a leading global lithium battery manufacturer, offers high-quality battery packs for electric vehicles, energy storage, and industrial use. Our solutions feature high energy density, rigorous 21 ...

Discover Henry cutting-edge lithium battery technology. Specializing in LiFePO4 battery packs, energy storage systems, and portable power supplies, we offer expert solutions for commercial and ...

Portable energy storage lithium battery pack manufacturer

As a reliable lithium battery distributor, we ensure high-quality components and advanced energy solutions to meet diverse industry needs. Please contact Emerging Power to discuss how our ...
