Where can I buy used 40ft shipping containers?

Buy Used 40ft Shipping Containers at a lower cost for your storage needs at Shipping Container Depot. These high-quality, robust, slightly used containers are perfect for storing bulky objects that wouldn't fit a 20ft shipping container or a 20ft HC container.

What is a 40 ft container used for?

40ft units can be used for commercial, residential, and shipping industry applications. There are a few types of 40-foot shipping containers, but the most common one is the standard dry 40' shipping container. These storage containers are easy to load and unload and can hold products that are dense or have a lot of weight.

What is a 40ft storage container?

40ft storage containers are the perfect way to transport large items or large quantities of items. They are made of durable corrugated steel and have a high-security lock box to protect your belongings. They also have two-way forklift pockets, so you can easily move them around.

How much cargo can a 40ft container hold?

Compared to a 20ft shipping container, a 40ft container can pack a whopping 2.53 m of cargo for every ton of weight. Meaning, a 40? container can hold up to approximately 26.76 tons of cargo. 40ft units can be used for commercial, residential, and shipping industry applications.
