The Sika SolaRoof not only offers a proprietary method of attachment with the Sika SolarMount-1 mounting system, but it can be covered by a single-source warranty for up to 20 years as well.

The key component is the Sika-designed "Sika SolarClick" fastener, which is produced of compounds perfectly matching Sika's PVC and FPO membranes and is attached by hot-air welding.

Sika's SolarMount-1 (SSM1) is an aero dynamic, lightweight mounting system designed for the installation of framed, 60-cell, rigid Photovoltaic (PV) panels to mechanically fastened or fully ...

Please consult Sika or Centroplan to assess whether your specific roof is suitable for installation of a Sika SolaRoof's.

Bonding and sealing of the aluminium frame to photovoltaic module. Structural bonding of the module to the mounting structure (i.e. back rail) in production or on-site. Integration of photovoltaic panels for ...

Sika's SolarMount-1 (SSM1) is an aero dynamic, light-weight mounting system designed for the installation of framed, 60-cell, rigid Photovoltaic (PV) panels to mechanically fastened or fully ...

They are hot-air welded directly onto the Sika roof waterproofing membranes by Sika Authorized contractors. SarnaRoof's Solar Mount-2 includes the steel mounts, SarnaRoof Click PVC, panel ...
