MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Folding PV arrays in the container -- capture sunlight efficiently, designed for quick deployment and durable outdoor operation. Lithium battery modules and a battery management system for energy ...

Advanced systems now use lithium-ion battery technology, offering longer life, better safety, and improved efficiency. A containerized solar power container storage system can store ...

Discover the Foldable Solar Container offering lightweight, efficient, and portable renewable energy. Ideal for outdoor adventures, emergency backup, and remote work sites.

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and ...

Each solar-powered shipping container generator is transportable, securable, and can be fully customized to your specific needs, including hybrid and microgrid compatibility.

Hitek Energy outdoor containerized BESS delivers high-capacity lithium energy storage with robust weather resistance, modular design, and smart control--ideal for grid or renewable integration.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Solar container outdoor power modified solar container lithium battery

Using advanced, patent-pending technologies to ensure safe operation and optimized performance, the container delivers a standardized system infrastructure for customer-supplied Tier 1 lithium-ion battery.
