Where can I buy solar panels in bulk?

Buying in bulk by pallet or container lets you lock in better prices per watt, simplify logistics, and get equipment from trusted brands in one place. A1 SolarStore is a solar marketplace where you can buy wholesale solar panels in pallets or full container loads for residential and commercial projects.

Should you buy solar panels wholesale?

Buying solar panels wholesale significantly reduces the cost per watt compared to purchasing small batches at retail prices. Bulk orders also ensure you have enough inventory for ongoing projects, avoiding delays and last-minute substitutions.

How do I choose a solar store module?

On the A1 SolarStore page, modules are offered both by pallet and by full container (truckload), so you can match the format to the scale of your business. Pallets are ideal for local installers and regional resellers, while containers are a better fit for large commercial sites and high-volume distribution.

How do I order solar panels from A1 solarstore?

Solar panels on A1 SolarStore is designed to be straightforward for busy professionals. First, choose the models and formats you need--pallets or containers--and check availability and pickup or shipping dates. Then submit a quote request or contact the team with your project location, required quantities, and preferred brands.
